■ Welcome

Widener University

Office of the Provost

March 26, 2026

Dear NEDSI Members and Guests,

On behalf of the faculty, staff, and students of Widener University, I am pleased to welcome you to the 55th annual meeting of the Northeast Decision Sciences Institute. This year's program chair is Dr. Afroz Moatari-Kazerouni, Assistant Professor of Operations and Supply Chain Management in Widener University's School of Business Administration. Dr. Moatari-Kazerouni and the program committee have assembled an exciting conference that highlights innovative work in teaching and research.

The theme of the conference this year is *Future of Decision Sciences: Complexity, Innovation and Sustainability*. This conference provides an important forum for sharing innovative research and teaching practices in an increasingly complex world.

Thank you for being part of this year's conference. I hope you find the sessions stimulating, the conversations enriching, and the experience both professionally rewarding and personally enjoyable.

Best,

Mark A. Nicosia, Ph.D.

Provost

■ Welcome

Widener University

School of Business Administration
Office of the Dean

Dear NEDSI 2026 Conference Participants,

On behalf of the School of Business Administration at Widener University, it is my pleasure to welcome you to Philadelphia for the 55th Annual Conference of the Northeast Decision Sciences Institute (NEDSI). As the host institution, we are thrilled to support this milestone gathering, which brings together a vibrant community of scholars, practitioners, and students dedicated to advancing the field of decision sciences.

This year's conference theme, *Future of Decision Sciences: Complexity, Innovation, Sustainability*, closely reflects our shared commitment to preparing students and professionals for an increasingly dynamic and interconnected world. As the nation marks its 250th anniversary, the Philadelphia region provides a meaningful setting, one that blends a rich historical legacy with a strong tradition of innovation and progress.

NEDSI continues to play an important role in fostering collaboration, innovation, and the exchange of ideas across disciplines. This conference provides a valuable platform for sharing research, exploring emerging trends, and strengthening the connections that support both academic and professional growth. I commend the organizing committee for their dedication in developing a program that reflects the depth and diversity of our field.

I would like to offer special thanks to Dr. Afroz Moatari-Kazerouni for all her hard work and expertise in putting the conference together. Afroz put in countless hours to make this conference a great experience for all of us.

At Widener University, we are committed to preparing students to lead with integrity, apply analytical thinking, and contribute meaningfully to their organizations and communities. Our programs emphasize experiential learning, interdisciplinary collaboration, and engagement with real-world challenges; values that closely align with the mission of NEDSI and the broader Decision Sciences Institute.

We hope that your time at NEDSI 2026 is both intellectually rewarding and personally enjoyable. In addition to the conference sessions, we encourage you to take advantage of opportunities to connect with colleagues and experience the local community.

Thank you for being part of this important gathering. We are delighted to welcome you and wish you a successful and enriching conference.

Sincerely,

Kenn B. Tacchino, JD, LLM
Interim Dean, School of Business Administration

■ Welcome

Afrooz Moatari-Kazerouni
Widener University

Welcome to NEDSI 2026!

On behalf of the Northeast Decision Sciences Institute Board and the Conference Organizing Committee, it is my great pleasure to welcome you to the 55th Annual NEDSI Conference in Philadelphia, PA!

This year's conference theme, *Future of Decision Sciences: Complexity, Innovation, Sustainability*, reflects both the challenges and opportunities that define our field today. As organizations navigate increasingly complex systems, rapid technological advancement, and pressing sustainability concerns, the role of decision sciences has never been more vital. This conference provides a platform to exchange ideas, showcase research, and engage in meaningful dialogue that advances both theory and practice.

The program offers a rich and engaging experience, including paper sessions, panel discussions, workshops, and student poster presentations. These sessions highlight the diversity and interdisciplinary nature of our community, bringing together scholars, practitioners, and students who are committed to addressing real-world problems through rigorous and innovative approaches. We hope that you take full advantage of the opportunities to connect, collaborate, and learn from one another.

We are proud to host this year's conference in Philadelphia, a city known for its historical significance and vibrant academic and professional community. Our venue places you at the center of a dynamic environment where history, culture, and innovation intersect, providing an ideal backdrop for both intellectual exchange and professional networking.

This conference would not have been possible without the dedication and support of many individuals and institutions. We extend our sincere appreciation to Widener University and its School of Business Administration for serving as our host. We are also deeply grateful to the NEDSI Board, track chairs, reviewers, volunteers, and all contributors whose efforts have made this event possible.

We are delighted to have you join us and are confident that NEDSI 2026 will be a rewarding and enriching experience. We look forward to the conversations, collaborations, and ideas that will emerge over the course of the conference.

Welcome, and we wish you a productive and enjoyable conference.

Best regards,

Afrooz Moatari-Kazerouni
NEDSI 2026 Conference Chair

INNOVATING RESPONSIBLY, AND USING AI TO SCALE EXPERIMENTS IN COMPLEX ORGANIZATION

Christian Nascimento

Christian Nascimento is Senior Vice President of Connectivity & Digital Solutions for Comcast. In this role he is responsible for product management and strategy for Comcast's portfolio of commercial connectivity and cybersecurity products and services, as well as the organization's digital self-service ecosystem. He is currently driving Digital and AI transformation throughout Comcast Business. At this year's NEDSI conference, Christian will discuss *Innovating Responsibly and using AI to Scale Experiments in Complex Organizations*. Christian graduated from Widener University, holds an MBA from Villanova University and is currently pursuing an Executive MBA in AI at Drexel University. He serves on the Board of Trustees at Widener and previously served on the Board of Directors of Savi Solutions, and on the Pennsylvania Attorney General's Transition Committee, chairing the Technology Subcommittee.

An innovative and applicable approach to the science of behavior change and decision-making

Penn's Master of Behavioral and Decision Sciences is an interdisciplinary program that equips students with theoretical and practical tools to address a variety of real-life problems. The required capstone project presents the unique opportunity for students to design actual behavioral interventions for partner companies and organizations.

- Complete your master's on a full- or part-time basis
- Choose electives that meet your goals
- Build networks and expertise with exclusive industry opportunities

Industry partners include:

- Accenture
- BEESY
- Deloitte
- EY
- ideas42
- Inter-American Development Bank
- Ipsos
- J.P. Morgan
- Newristics
- OECD
- The World Bank
- Vanguard

See how you can make sustainable impact at www.upenn.edu/mbds

■ ABOUT

The Decision Sciences Institute

The Decision Sciences Institute (DSI) is a professional organization of academicians and practitioners interested in the application of quantitative and behavioral methods to the problems of society.

Through national, international and regional conferences, competitions and publications, the DSI provides an international forum for presenting and sharing researching the study of decision processes across disciplines. The DSI also plays a vital role in the academic community by offering professional development activities and job placement services.

Three divisions— Americas, Asia and Pacific, and Europe - operate within the DSI. The Americas division is comprised of five chapters, including NEDSI, and the Asia and Pacific division has three separate chapters. Each division has a representative on the Board of Directors. Chapters have their own elected board of directors and hold annual meetings.

The DSI, an independent nonprofit educational organization, is located in Houston, Texas, where it receives extensive support from the C.T. Bauer College of Business at the University of Houston.

Northeast Decision Sciences Institute

The Northeast Decision Sciences Institute (NEDSI) is one of five regions in the Americas Division of the professional society, the Decision Sciences Institute. This region encompasses the Northeastern United States. NEDSI holds an annual regional meeting each spring that features presentations of original research papers, panels, workshops, and other interesting innovations in the fields of accounting, business analytics, business education, finance, governance, healthcare management, marketing, operations management/operations research, strategic management, supply chain management, sustainability, and technology management, among others. Awards for “Best Paper” in several categories are given each year.

Theologos Homer Bonitsis
New Jersey Institute of Technology
Martin Tuchman School of Management

Theologos Homer Bonitsis received his Ph.D. in economics from The Graduate School of the City University of New York. He has participated in NEDSI since commencing his academic career with his participation, several decades ago, at the NEDSI conference in Williamsburg, Virginia. At around this time he became the NEDSI Campus Representative at NJIT. Over the years, he has served extensively at NEDSI conferences as track chair, reviewer and presenter of conference research papers, session chair, panelist, best paper reviewer, etc. Dr. Bonitsis was NEDSI 2022 Program Chair, which was the first in-person post-Covid conference, and NEDSI President 2023-2024. He has served on the NEDSI Board, in several positions, for many years. Dr. Bonitsis has been able to bring the Martin Tuchman School of Management at New Jersey Institute of Technology has a strong supporter of NEDSI and DSI. His research interests are in the areas of empirical testing of hypothesized theoretical international financial and economic relationships, time series modeling of financial and economic variables, international competitiveness, exchange rate determination and monetary and traditional approaches to international competitiveness. Dr. Bonitsis research has been published in numerous journals, proceedings, and research volumes; he has been the co-editor of two research volumes, the executive editor of a research journal as well as co-editor of another journal.

Panel and Keynote Sessions

Industry Panel: Data-Driven Decision-Making: Leveraging Demographic and Consumer Insights for Research and Industry

Friday, April 10 - 8:00 am

Location: Whistler Gallery B

Chair: Soheil Sibdari

Panelists:

- * Reshma Sheoraj (Senior VP Strategic Engagements, World Data Lab)
- * Juan Caballero (VP of Data & Insight, World Data Lab)
- * Joy Field (Associate Professor of Operations Management, Boston College)

Join leading experts from World Data Lab as they present cutting-edge insights on global demographics and consumer spending patterns. The panel will explore how these datasets can support academic research, enhance forecasting models, and improve data-driven decision-making across industries. Attendees will gain practical perspectives on integrating real-world data into research, teaching, and strategic planning.

Deans' Panel: Bridging Decision Sciences and Practice: Industry Partnerships, Innovation, and Societal Impact

Friday, April 10 - 10:00 am

Location: Whistler Gallery B

Chair: Jeffrey Lolli

Discussants:

- *Jonathan Doh, Senior Associate Dean for Research, Faculty, and Global Engagement, Villanova University
- *Oya Tukul, Dean of Martin Tuchman School of Management, New Jersey Institute of Technology (NJIT)
- *Cary A. Caro, Dean of School of Business, La Salle University
- *Monica Adya, Dean of the Rutgers School of Business–Camden (RSBC)

This dynamic panel of leading business school deans will examine how decision sciences can drive meaningful impact and societal impact in a time defined by complexity, innovation, and sustainability challenges. Panelists will explore how academic institutions can strengthen connections with industry through applied research, experiential learning, and strategic partnerships. Innovative approaches to aligning scholarly work with real-world needs, preparing students for complex decision environments, and advancing sustainability-focused outcomes will be highlighted.

Scholarly Journals Editors' Panel

Friday, April 10 - 1:00 pm

Location: Whistler Gallery B

Chair: Theologos Homer Bonitsis

Panelists:

- * Madjid Tavana (Editor-in-Chief of Decision Analytics Journal; Healthcare Analytics; Supply Chain Analytics)
- * Pedro Reyes (Co-Editor-in-Chief of Decision Sciences Journal of Innovative Education)
- * Arash Azadegan (Associate Editor of Journal of Supply Chain Management)

Meet the Editors of three scholarly journals. Each editor will make a brief presentation about their journal, followed by time for Q&A.

Panel and Keynote Sessions

NEDSI 2026 Keynote

Friday, April 10 - 5:00 pm

Location: Wyeth Gallery B, C

Keynote Speaker: Christian Nascimento, Senior Vice President of Connectivity & Digital Solutions for Comcast
Title: Innovating Responsibly, and using AI to Scale Experiments in Complex Organizations

Christian will highlight how large organizations can responsibly apply AI to accelerate learning, experimentation, and innovation at scale. Drawing on real-world enterprise experience, it highlights practical patterns for balancing speed, governance, and impact in complex systems.

Thursday, April 9

7:30 am **Registration**

56th NEDSI Annual Meeting • Jersey City, NJ • April 1-3, 2027

- David M. Levine Best Paper Award in Innovative Teaching
- Richard Briotta Best Paper Award in Knowledge Management/Strategy
- Bryant University Best Paper Award in Supply Chain Management and Logistics
- Best Ph.D. Student Paper Award
- Best Contribution to Theory Award
- Best Application of Theory Award
- Best Overall Conference Paper Award

MEETING ANNOUNCEMENT

The 2027 Northeast Decision Sciences Annual Meeting will take place April 1-3, 2027, in Jersey City, NJ. The three-day conference begins on Thursday and concludes on Saturday at noon. Conference registrants are invited to attend the Welcome Reception, President's Reception, and Gala Dinner Award Ceremony.

CALL FOR PAPERS

Full papers, abstracts, and workshops are invited for, but not limited to, the topic areas listed. Undergraduate and Master level students may submit proposals for Poster Sessions. Sessions involving practitioners will be given consideration. Submissions will be blind refereed and accepted full papers will be published in the online Conference Proceedings, subject to author approval. By submitting a manuscript, the author certifies that it is not copyrighted or previously published, has not been presented or accepted for presentation at another professional meeting, and is not currently under review for presentation at another professional meeting.

At least one of the authors certifies that he/she intends to register for and attend the conference to present the paper if it is accepted.

All papers, abstracts, and posters must be submitted electronically by January 5, 2027, through the conference website. If you have proposals for panels, roundtable discussions, sessions, and workshops, please email them to the program chair. For additional information visit <https://nedsi.decisionsciences.org/>

OUTSTANDING PAPER AWARDS

Outstanding papers are eligible for the following awards:

PROGRAM TRACKS

- Accounting, Finance, and Economics
- Big Data, Analytics, and Knowledge Management
- Cyber Security, IT, and Emerging Technologies
- DSS, Digital Twins, Machine Learning, and AI
- Healthcare Analytics and Services Management
- Innovative Education, Curriculum, and Cases
- Innovation and Creativity
- Legal, Ethical, and Social Issues
- Marketing and Consumer Behavior
- Operations Management/Operations Research
- Public Administration and Policy
- Strategy and Organizational Behavior
- Supply Chain Management and Logistics
- Sustainability Management
- Undergraduate/Masters Student Posters

HOTEL ARRANGEMENTS

The host hotel is the [Hyatt Regency Jersey City on the Hudson](#). For reservations with the conference rate, a link will be made available on the conference website.
